

A Celebration of Pro Bono Economics Volunteering is being held on the 8th of November 2018 from 18:00 to 21:00 at Chicago Booth School of Business, 25 Basinghall Street, London, EC2V 5HA.

This year, we will hear presentations from Paul Singh of Equal Education and Sinem Cakir of MAC-UK, followed by a panel discussion chaired by Jenny Scott and a drinks reception. This event will give you the chance to learn more about our strategic goals and charity projects whilst networking with a range of interesting people from across the social and economic sectors.

Please register via [Eventbrite](#).

We're co-organising the UK's first national 'Data4Good' conference, to be held in Birmingham on 14 November. We've partnered with event organisers Data Orchard, along with a range of other high profile non-profits, to design a unique event run by the non-profit sector for the non-profit sector.

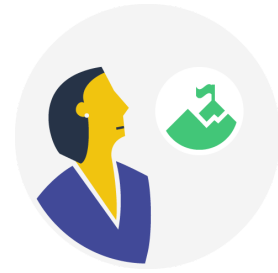

The event aims to inspire and connect leaders and practitioners from charities, social enterprises, and funders interested in exploring the new possibilities of data.

If you or someone you know would benefit from this conference, please find information and tickets via [Eventbrite](#).
